in a booklet form to give you current and reliable information about specific equipment you own or are considering to buy.

Information from R W McNAIR INC is offered with our 39+ years of hands-on experience with Reed Guns, Olin Pumps, other equipment and by working with end-user customers on jobsites.

We give you the correct, fair and expert information. Many Reed items are interchangeable, so we provide you with clues, cross-references, descriptions, and suggestions to help you buy, operate and maintain your equipment with economy, efficiency, and service.

OEM literature may be inserted among these pages or in the back of this McNAIR Buyers Guide.

For faster product locating, our Buyers Guide pages are color coded: yellow pages are for LOVA 8 & 16 "Big Guns" & related parts; blue pages detail the smaller SOVA guns & their parts; red pages describe all of the Nozzles & Components; grey pages cover Hose, Couplings, Accessories & Tools.

Where quality or fit can be immediately improved, some replacement parts may be furnished with other than OEM. In every case these parts are guaranteed to equal or exceed OEM products.

We welcome your opinion for improvements which we can make to our product lines and to update the information we offer you.
